

About Homework Help

Friends School offers Homework Help for 75 minutes (3:00-4:15) after school to students in grades five through eight who need help organizing and completing their homework.

A student may register for Homework Help on Tuesdays and/or Thursdays, depending on the amount of homework they have and how much they are capable of doing independently. Please ask your student's advisor or teachers for their recommendation if you are unsure how much school-based homework support would be best for your child.

Please understand that Homework Help is not tutoring. Our goal is for students to be able to complete homework on their own. We encourage their growth in organization, time management, focus, and the ability to prioritize. We do not offer specific subject area tutoring. If your student regularly needs that level of one-on-one attention to complete homework, one of our teachers will let you know.

Homework Help is also not meant to be the equivalent of study hall for students who are capable of completing their homework without teacher support. If it appears your student is able to complete homework independently, we will let you know and may recommend not continuing in Homework Help.

Students taking Homework Help report to the assigned room right after school. A small snack is provided. ***Homework Help is over at 4:15 p.m. and we ask you to pick up your child promptly at that time.*** If you will need Extended Day after Homework Help, you must have an Extended Day contract.

If you have any questions, please contact Hilary Parker-Robertson at hilarypr@fsmn.org.

Welcome to Homework Help—we're glad you're going to be with us!
